INTERNATIONAL PROGRAMMES
UVIC | UVIC-UCC

Our programme

The aim of this programme is to help participants improve their English proficiency, ensuring their successful adaptation in an international learning environment.

This course consists of an intensive language training (4 weeks - 80 teaching hours). It is strongly oriented towards practice and students are supported throughout their training as well as provided with personalised teaching.

Additionally, it offers the opportunity to be immersed in the local culture through cultural activities and company fieldtrips in the engineering and business sectors.
